Asbestos Management Plan – 40 CFR 763.93

The Hillsborough City School District maintains and annually updates its management plan for asbestos- containing material in school buildings. For a copy of the asbestos management plan, please contact the Manager of Maintenance and Grounds.

Attendance Options/Permits – EC 48980(h)

Interdistrict Attendance - EC 46600 et seq.

The parent or legal guardian of a pupil may seek release from the school district of residence to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an interdistrict transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which they are enrolled.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no interdistrict permit options are available to a victim of bullying. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may

be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message , text, sound, video, or image in a post or a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A student who is appealing a decision for an interdistrict permit approval through the County Office of Education may be eligible for provisional admission to the desired district in Grades K through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months.

A pupil who has been determined by personnel of either the school district of residence or the district of proposed enrollment to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

Each school district shall post their interdistrict policy agreements and local district caps on their district and/or school websites. Reasons for approval and denial of interdistrict transfer request must be updated on the district website according to board policies. The County appeal process may take up to a maximum of two months. If you have any questions about the interdistrict process please call the district office at 650-342-5193.

Intradistrict Choice – EC 35160.5(b)

Residents of the school district may apply to other schools that serve the same grade levels within the district. No pupil who currently resides in the attendance area of a school can be displaced by pupils transferring from outside the attendance area. Students who are a victim of bullying shall be allowed an intradistrict permit to transfer if space is available at the same grade level. If there is no “intra-district” space to attend, the student may seek an “inter-district” permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district’s transfer policies. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post

on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

Availability of Prospectus – EC 49063, 49091.14

Each school must annually compile a prospectus of the curriculum to include titles, descriptions and instructional goals for every course offered by the school. Please contact the Director of Educational Services for a copy of the prospectus.

Avoiding Absences, Written Excuses

Hillsborough City School District urges parents to make sure their children attend school regularly and to schedule medical, dental, counseling and other appointments after school, on the weekend if possible or during school holidays. The district also asks that travel or other absences be avoided during the time that school is in session.

The higher the district's daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences.

Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Tardiness: EC 48260 (a)

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year.

Truancy Definitions – EC 48260, 48262 and 48263.6:

A student is considered truant after three absences or three tardies of more than 30 minutes each time or any combination thereof and the absences or tardies are unexcused. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205.

Arrest of Truants/School Attendance Review Boards: EC 48263 and 48264

The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from his/her home and who is absent from school

without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Board (SARB).

Chronic Absenteeism – EC 60901

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

Truant Consequences – EC 48263, 48267, 48268, and 48269; WIC 236, 601, 601.3, 653.5, 654, and 651.5

Any student who is identified as “Truant” may be assigned as a ward of the court, if the available community resources do not resolve the students’ continued problem of truancy, by a Probation Officer or Deputy District Attorney.

California Healthy Youth Act – EC 51930-51939

The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.
3. Request a copy of Education Code sections 51930 through 51939, the California Healthy Youth Act.
4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants.
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.

6. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of:
 - a) The date of the instruction, and
 - b) The name of the organization or affiliation of each guest speaker.

Career Counseling & Course Selection – EC 221.5(d)

Commencing grade 7, school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers, or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions.

Child Abuse and Neglect Reporting – PC 11164

The Hillsborough City School District is committed to protecting all students in its care. All employees of the District are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred. District employees may not investigate to confirm a suspicion.

All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (*i.e.*, Police or Sheriff's Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with the local law enforcement agency; you may also notify the District of an incident by contacting 650-342-5193.

Child abuse does not include an injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:

1. To stop a disturbance threatening physical injury to people or damage to property;
2. For purposes of self-defense;
3. To obtain possession of weapons or other dangerous objects within control of a student;
4. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

Civility on School Grounds – CC 1708.9; EC 32210

Any person who willfully disturbs any public school or any public school meeting is guilty of a misdemeanor, and shall be punished by a fine of not more than five hundred dollars (\$500).

It is unlawful for any person, except a parent/guardian acting toward his/her minor child, to intentionally or to attempt to injure, intimidate, interfere by force, threat of force, physical obstruction, or nonviolent physical obstruction with any person attempting to enter or exit any public or private school grounds.

Child Find System – EC 56301; 20USC1401(3); 1412(a)(3); 34CFR300.111(c)(d)

Under state law, each public school system is responsible to find children with disabilities in its area Free Appropriate Public Education (FAPE) - Each public school system is responsible for ensuring that each child with disabilities is served appropriately, at no expense to the parent in the least restrictive environment.

Concussion and Head Injuries – EC 49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed healthcare provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

Confidential Medical Services – EC 46010.1

School authorities may excuse any pupil in grades 7-12 from the school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardians.

Controlled Substances: Opioids– EC 49476

School authorities must provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgement of receipt of the document annually.

Custody Issues

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release

situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

Dangerous Objects

Often, students like to bring objects, such as a collector's item, to school to show their friends. Examples of these objects include, but are not limited to, laser pointers, mini baseball bats, martial arts weapons (*e.g.*, nunchaku, throwing stars), or any other sharp, pointy objects. Students should refrain from bringing objects that have the potential to inflict serious bodily injury to others.

Directory Information – EC 49073

“Directory Information” includes one or more of the following items: student's name, address, telephone number, e-mail address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent public or private school attended by the student. The District has determined that the following individuals, officials, or organizations may receive directory information: Hillsborough Schools Foundation, Associated Parents' Group, and Hillsborough Recreation.

No information may be released to private profit making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian submits a written notice to the school to deny access to his/her pupil's directory information. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or eligible pupil, has provided written consent that directory information may be released.

Disaster Preparedness Educational Materials – EC 32282.5

Electronic Listening or Recording Device – EC 51512

The use by any person, including a pupil, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools.

Any person, other than the pupil, willfully in violation shall be guilty of a misdemeanor. Any pupil in violation shall be subject to appropriate disciplinary action.

Electronic Nicotine Delivery Systems (e-cigarettes) – PC 308

The Hillsborough City School District prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code. Section 308 of the Penal Code also states that every person under 18 years of age who purchases, receives, or possesses any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, tobacco products, or any controlled substance shall, upon conviction, be punished by a fine of seventy-five dollars (\$75) or 30 hours of community service work. They also shall be subject to student discipline.

Electronic Signaling Devices – EC 48901.5

The use by any person, including a pupil, of any electronic signaling device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. The only allowable use would be acceptable if it is determined by a licensed physician that the pupil must use for the health and safety of a pupil. Any pupil in violation shall be subject to appropriate disciplinary action.

Smartphone use may be prohibited by districts, charter schools, and county schools while a student is at a school site and under supervision and control of staff. There are health and special education limits or usage that may differ from the general student population, but must be in writing and kept on file in student records for confidential record keeping and reasons.

Educational Equity: Immigration and Citizenship Status - EC 200, 220, and 234.1 adding Article 5.7 to EC 234.7, EC 66251, 66260.6, 66270, and 66270.3

This does not guarantee any final eligibility, but simply an ability to apply for financial aid just like any other student, without discrimination.

Education of Foster Youth: EC 48204, 48853, 48853.5, 51215.1, 51225.2

HCSD will work with foster youth to ensure and facilitate the proper educational placement. The California Department of Education has produced a flyer with the rights of foster youth: <https://www.cde.ca.gov/ls/pf/fy/documents/fosteryouthedrights.pdf> .

English Learners Identification Notice - EC 313.2

State law requires that parents of English learners are to be notified annually if they are identified as one of the following: “Long-term English Learner” or “English learner at-risk of becoming a Long-term English Learner”. The district coordinator for English Language Development will be sending these notices at the beginning of each school year.

Emergency Treatment for Anaphylaxis – EC 49414

EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives.

State law requires that the parent or legal guardian of each pupil provide the school within 90 days after entrance to first grade documentary proof that the pupil has received a health screening examination by a doctor within the prior 18 months. The teacher may work with the pupil to develop and agree upon an alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question.

Independent Study - EC 51745 et seq., AB 130

The independent study program serves as an optional alternative instructional strategy by which students may reach curriculum objectives and fulfill school requirements. Independent study offers a means of individualizing the education plan for students whose needs may be best met through study outside of regular classroom setting. Independent study is voluntary and entails a commitment by both the parent/guardian and student. An independent study agreement is reviewed with, and signed by, the student and parent/guardian. Parents with a child with an individualized educational program (IEP) may request a time to meet with the IEP team to discuss if the independent study option is an appropriate placement. This notification is required by law.

Parents may request a short-term independent study program for their child. This request may be due to an emergency, vacation, or illness. Independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in his/her regular classes. The minimum period of time for any independent study option shall be five consecutive school days.

For the 2022-23 school year and thereafter, as a result of Assembly Bill 130 (Ch. 44, Statutes of 2021), the school district may approve the independent study program participation of a student whose health would be put at risk by in-person instruction. The independent study program will meet all of the legal requirements for educational progress, grade-level standards, synchronous instruction, and student engagement. Along with many of our program support opportunities, each independent study program will offer:

- For pupils in grades Kindergarten to 3, inclusive, a plan to provide opportunities for daily synchronous instruction for all pupils throughout the school year.
- For pupils in grades 4 to 8, inclusive, a plan to provide opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.
- A plan to transition pupils whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days. Note: Space may not be available at the student's original school or the student may not have their first choice classes.

Parents choosing an independent study option may request a pupil-parent-educator conference meeting before enrollment to review the academic program delivery, student support, enrollment process, specific academic expectations as well as the withdrawal process.

Immunizations: EC 49403, 48216; HSC 120325, 120335, 120365, 120370, 120375

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and

may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described.

Instruction for Pupils with Temporary Disabilities – EC 48206.3, 48207, and 48208

A pupil with a temporary disability which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable may receive individualized instruction provided in the pupil's home for one hour a day. Please contact the Director of Student Services for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in the district of residence or charter school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days with both school settings and attendance may not be duplicated. If necessary, the district of residence may provide instruction in the home for the days not receiving instruction in the hospital setting, depending upon the temporary doctor orders. Victim of a Violent Crime – 20 USC 7912

A pupil who becomes a victim of a violent crime while in or on the school grounds must be offered the opportunity to transfer to a safe public school within the school district, including a public charter school, within 10 calendar days. If there is not another school within the area served by the district, the district is encouraged, but not required, to explore other appropriate options such as an agreement with a neighboring school district to accept pupils through an interdistrict transfer. Primary examples of violent criminal offenses in the Penal Code include attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, and hate crimes. For more information, please contact the site principal or district office.

Walking or Riding a Bicycle to School – VC 21212

No person under 18 years of age may operate a bicycle, non-motorized scooter, skateboard or wear in-line or roller skates, nor ride as a passenger upon a bicycle, non-motorized scooter, or skateboard upon a street, bikeway, or any other public bicycle path or trail unless that person is wearing a properly fitted and fastened bicycle helmet that meets specified standards.

Williams Complaint Policy & Procedure – EC 35186

Every school must provide sufficient textbooks and instructional materials. Every student, including English learners, must have textbooks or instructional materials, or both, to use at home or after school. School facilities must be clean, safe, and maintained in good repair. There should be no teacher vacancies or misassignments. If a school is found to have deficiencies in these areas, and the school does not take corrective action, then a complaint form may be obtained at the school site or the district office. Parents, students, teachers or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns.
